			pyramid PE tournaments etc	participate in local and county events over the past year, with a very diverse schedule
Gymnastics equipment.	Spring term	£2087.64	To provide opportunities for children to improve their gymnastics ability. Higher and more complex equipment will enable older children to use the equipment in a more complex manner.	New equipment has led to more challenge for more able gymnast and more enjoyment
ACTIVE PLAY EQUIPMENT SET	Spring term 2017	£249.95	This equipment is for our sports ambassadors. The equipment will enable the older children to take regular sporting clubs at lunch time.	Developing leaders Sports Ambassadors engage children readily who love the range of activities that the children lead.
Boot cleaner	Spring term 2017	£230.00	A boot cleaner to help preserve the children's football boots so that they will be able play regularly.	

Total is £5916 which leaves a carry forward of £7062 for construction of climbing frame that had to be postponed until the Summer term

Impact

The consistent budget for PE has contributed to Hazelbury Bryan Primary School in such a positive way. Through the money, we have been able to provide more sporting experiences for children that they might not have necessarily experienced out of school. Experiences like the Chinese dancing enabled the children to fully embrace themselves within the culture of Chinese dancing.

We have also been able to motivate our young sports ambassadors to regularly lead lunch time sport sessions. The children were thrilled with the equipment that we were able to provide. They now take pride in the fact that they have their own equipment to do whatever they wish when leading their peers.

The consistency of the money has enabled our children to attend high level sport competitions. Once again, the children reached the Dorset finals in Netball and the North Dorset finals in Rugby. Without the money, we would have struggled to get the children to these events, thus leading them to miss out on competing at a high level.

Coaches from outside agencies have been able to come in and offer curriculum and after school clubs to help improve the teaching of our staff. From this, the teachers have improved their practice within PE, as well as gaining confidence within other areas. The children have also benefited from the funding by being exposed to new sports such as fencing and archery as well as gaining a high level of instruction in football and gymnastics.

Without this money, many opportunities for our children to excel in sport would have never been able to happen. The confidence in children's physical ability has rocketed due to so many successful areas of this plan and this had led to improved attainment in each area of PE. Our children when asked what they like best about school, top answer was PE.

Having a swimming pool open to members of the community and our pre-school and toddler children, meant more children in Hazelbury Bryan were able to have swimming experience
